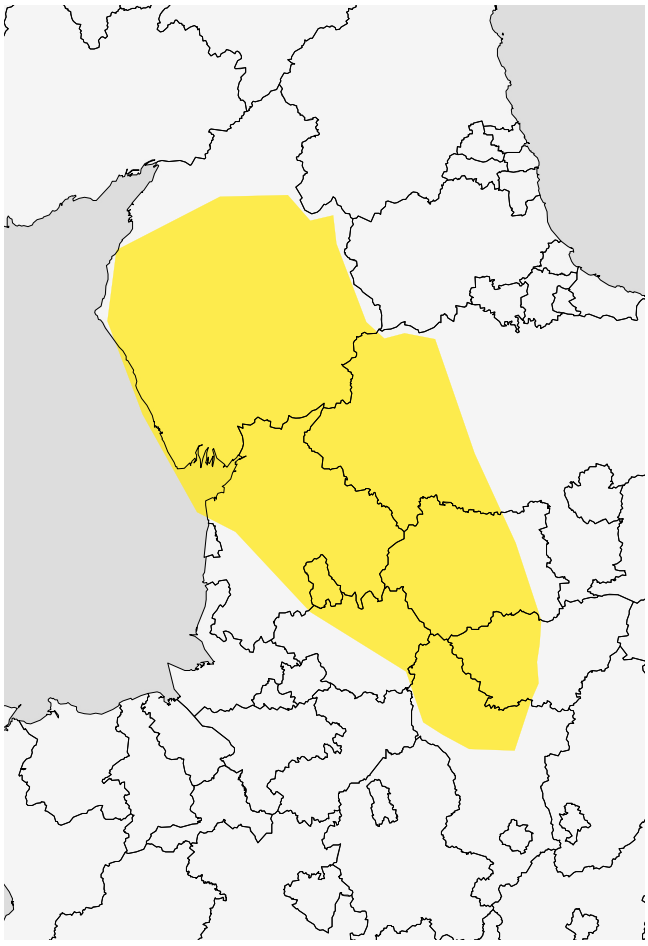
Yellow warning
Rain

Between
08:00 Sat 9 Dec 2023 and
03:00 Sun 10 Dec 2023



A band of rain will move across the area this morning, followed by a drier interlude, then heavy showers again this evening.

What to expect

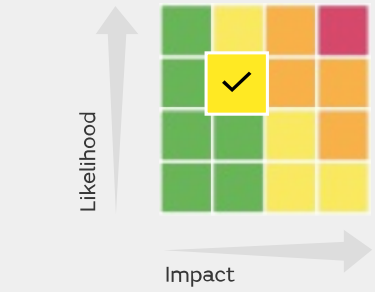
- Spray and flooding on roads probably making journey times longer
- Bus and train services probably affected with journey times taking longer
- Flooding of a few homes and businesses is likely

Further details

A band of rain, heavy at times, will move eastwards across the area this morning, clearing by around midday. 10-20mm is likely in places with perhaps 25-30mm over hills and mountains, and falling onto already saturated ground.

A drier interlude follows, but further heavy rain is expected this evening as bands of showers sweep eastwards producing a further 20-30mm, along with a risk of hail and thunder.

What should I do?



Medium likelihood of low impacts

Issued at 05:56 Sat 9 Dec, 2023

Yellow warning
Rain

Between
08:00 Sat 9 Dec 2023 and
03:00 Sun 10 Dec 2023

Further Details (continued)

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
